The NEW Climateasy 12NG The Next Generation Portable Air Conditioner

We present the amazingly small and energy efficient Climateasy 12NG which packs 12000btu cooling and 10,000btu heating plus dehumidify and fan modes into a unit only 60cm (less than 2ft) high. At only 28Kg it is also one of the lightest in its class and very easy to move

The new Climateasy 12NG produces more cold air and uses less electricity than its predecessor. Its features include a 24 hour timer, electronic louvres, 3 fan speeds and a touch display. It is an energy efficient multi-season unit utilizing heat pump technology to extract heat from the air while consuming less energy than other portable units

Our evaporative technology uses any collected moisture to cool the unit before it is eliminated through the exhaust ducts leaving no water bucket to empty.

v 12000 BTU (3.5Kw) Cooling and 10,000btu heating

- v 24-hour programmable on and off timer
- v 28Litre per day evaporative dehumidifier
- v Adjustable thermostat down to 16C
- v 3 speed fan with oscillating louvers
- v Easy rolling casters for portability
- v Cooling input 1.3Kw
- v Heating input 1.1Kw
- v Air Circulation 420 Cu/m Hr
- v Suitable for 20 – 30 M³
- v Size 350x535x600mm
- v Weight 28Kg net/ 30Kg gross
- v Extra long hose 1.8M x 150mm

v Energy Efficiency Rating A

**FREE WINDOW KIT AND
REMOTE CONTROL**

EXTRA LONG HOSE
